

WESTON® Professional French Fry Cutter and Vegetable Dicer

Restaurant Quality Fries at Home – Make restaurant style french fries at home any night of the week. The Weston® Professional French Fry Cutter and Vegetable Dicer makes it easy to quickly cut pounds of potatoes for fries, fish and chips, baked sweet potato fries, steak frites and more – all while having complete control over the quality of the ingredients. Simply put potatoes in the press and push down on the handle; the pusher will advance the food through the blades. In one smooth motion, you will have a batch of perfectly cut fries ready to be cooked.

Cut and Dice Vegetables – Make meal prep quick and easy. In addition to potatoes, cut and dice fruits and veggies like onions, zucchini, apples and more. The 3/8" stainless steel blade makes easy work of cutting through even the most difficult root vegetables and the cast iron construction is designed for durability.

Additional Features – The Weston Professional French Fry cutter is equipped with suction cup feet that keep the fry cutter from slipping when used on the countertop or table. It is wall mountable if desired, to save space and provide optimal ease of use. Make thin, thick or wedge fries with compatible blade attachments, sold separately.
